laminates your dreams

New  
collection

*Berry Floor laminate. Laminates your dreams*

*Once upon a time...*

## BERRY FLOOR LAMINATE

Berry Floor fulfils your wildest and, more importantly, your oldest dreams. Because buying a laminate floor is always done with the intention of having it looking beautiful for as long as possible. All the more reason only to be satisfied with a floor that looks attractive, adds value to your home, is durable and easy to maintain. For this and no other reason we will enjoy leading you around the world of Berry Floor on the following pages.

You will be introduced to eleven beautiful collections, with over a hundred decors and a complete range of extra additions and accessories to complete your floor. With this brochure, our website and the sales people in your local store, we will help you to make a well-considered choice that fits perfectly with your personality, home and budget.

So allow yourself to be carried along by our range and features, all just as seductive as the photography attached to them. So don't be afraid to dream: it is difficult not to, once you see how numerous the options are for Berry Floor laminate.

Essential, Light Oak ES5CA030 | Essential, White ES5M030 | Essential, Trained Oak ES5W030 | Essential, White White Pine ES5M031 | 

## Why choose Berry Floor laminate for your home?

### Top quality

Tarnished words like "top quality" and "timeless beauty" can be brushed up again without hesitation. All our laminate floors are made to have a minimum classification of 32 AC4 – that means: suitable for moderate commercial use, and consequently more than strong enough to cover your floors at home. But they are equally suitable for shops, restaurants, schools etc. Whichever you choose, all our products are subject to the strictest production requirements and thorough quality controls.

### Riviera HydroPlus

Thanks to the Riviera collection with HydroPlus you are also certain that your floors will not be damaged by water or damp patches. Our special water resistant treatment ensures that your laminate is protected at all times.

### Wide choice

In addition, because we take your personal wishes seriously, Berry Floor has 11 collections and no fewer than 100 decors available. Short or long, wide or narrow boards, many varied species of wood, surprising combinations of colour, finishes, and matching accessories: Berry Floor sets no limits on your creativity.

### Easy glue-free installation with BerryLOC®

Where it can be a struggle with other floors to make sure everything is properly installed, Berry Floor laminate is equipped with the revolutionary and patented BerryLOC®. That makes you capable of installing everything without any effort: easy, quick and without glue, hammer or tapping blocks. This locking system was specially designed with a view to exceptional tensile strength. In other words: your boards will be locked-solid and will not move.

### BerryLOC® X-treme for ultra-fast installation

BerryLOC® X-treme, available on the Grandioso collection, goes one step further than the standard BerryLOC®. The closing mechanism is not only considerably stronger; the installation is easier and 30% faster.

### The highest finishing level

You do not need a magic mirror to discover that Berry Floor has the most beautifully finished laminate floors on the market. Thanks to advanced techniques like Lasercut® Technology, that cut out everything with laser-controlled precision, this simply cannot be overlooked, where the end result is taken care of and the absolute details are realised: matt varnish, subtle V-grooves, a true-to-life wood or tile structure, an efficient noise reduction, unique dimensions – no matter what you imagine, the happy ending has already been written for you.

*Once upon a time...*

## BERRY FLOOR RIVIERA HYDROPLUS

Your two year old has thought up the misbegotten idea of making a lake in the living room, and recently you realised after your morning shower that all the towels were still in the laundry room?

Your floor won't have any difficulty, thanks to Berry Floor's new HydroPlus technology and its special, water resistant finish. For your bathroom, your kitchen or – as life cannot be divided into living areas – actually any room at all. Available on the Riviera and Riviera Tiles collections.

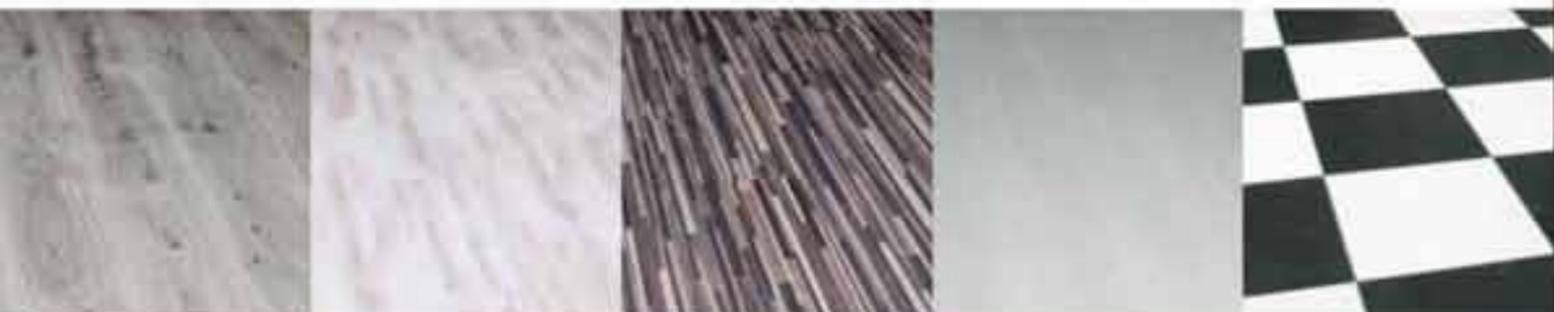

**HydroPlus**  
water resistant technology

*The Berry Floor Riviera collection:  
water resistant thanks to HydroPlus*

*Berry Floor Riviera HydroPlus. Available for any room*

- Water resistant finish
- No risk of seeping or deformation
- Extremely suitable for high moisture rooms like the bathroom, laundry and kitchen but it can obviously also be used in the rest of the house
- It means you can clean the floor with water easily and without a care
- Only recommended for residential use
- Available in Riviera and Riviera Tiles collections

**HydroPlus**  
water resistant laminate

Riviera Silver Grey Oak, RVSOGAR10

Riviera Maplewood Pine, RVMPE10

Riviera Sanna, RVSAN10

Riviera Katto White Pine, RRVW10

Riviera Tiles, Class, TBC10DHP

Riviera Tiles, Blois Slate, TIBALDHP

*Once upon a time...*

**BERRYLOC® X-TREME**

*Less is more?* Not for those familiar with our Grandioso collection. The longer, broader and thicker boards in this range – available in eight different decors – have a magical effect of enlarging your room. It also guarantees an uncommonly fast installation time.

Thanks to the special BerryLOC® X-treme-system used on our Grandioso collection, which has all the benefits of the patented BerryLOC®-technology – a feature of every Berry Floor laminate enabling glue-free installation in the blink of an eye – combined with an even stronger and faster closing mechanism, this will reduce installation time by 30% and makes the process so simple a child could do it.

*Berry Floor fits together well!*

*Once upon a time...*

## BERRY FLOOR GRANDIOSO

LONGER AND WIDER BOARDS

Grandioso, Cardiff Oak, GR2CARD53

Grandioso, Parma Oak, GR2PARM53

*Once upon a time...*

## BERRY FLOOR NATURALS

Berry Floor stands out from the competition through its precarious but flawless balancing act between top quality on the one hand and young, modern and fresh design on the other. Our collection includes a pure mix of style and comfort, in traditional and new daring colours.

But above all we are proud to present you our successful Naturals collection. The subtle but realistic wood designs effortlessly bathe your home in a simultaneously pleasant and sophisticated atmosphere. If you cannot take your home to nature, we will gladly bring nature into your home.

*Berry Floor inspires you*

## BERRY FLOOR LOFT

Have we already told you that Berry Floor tries to make all your wishes come true? For instance, would you prefer your floor without grooves? Then get to know our Berry Floor Loft collection, which allows you to install large areas without bevels. This collection is available with or without sound absorbing underlay. Anything is possible with Berry Floor. You can also find numerous different species of wood in the Loft collection like Beech Oak, Teak, Alder, Merbau, Wengé, etc. Offering timeless sophistication.

*Once upon a time...*

## A PRINCE(SS)'S WONDERFUL LIFE

Those who would prefer not to be accompanied everywhere with the sharp click clack of their glass heels, may choose Berry Floor with peace of mind. The unique acoustic characteristics of the boards and the sound-absorbing underlay mean that Berry Floor laminate succeeds like no other in absorbing and dampening noise. Your journey to never-never land will be one of blissful tranquility.

*In the bedroom,  
in the kitchen, in the hall...  
Berry Floor laminate  
fits everywhere!*

## BERRY FLOOR SKIRTING BOARDS

Because a floor only truly comes into its own when it seamlessly fits with its surroundings and because the right, carefully chosen finish makes all the difference. Because we cannot be satisfied with half-finished work. For these reasons Berry Floor has an extensive range of skirting boards and finishing profiles. Skirting boards that are made to contrast or match your floor and are naturally available in exactly the same decors as the floors.

*Berry Floor has perfectly matching skirtings for all its floors*

Bevel

High setting

Quarter round

Wide setting board (optional)

T-beam

## SKIRTING

### Skirting

The ideal solution for a stylish finish to the wall.  
dimensions: 2200 x 14 x 60 mm (l x w x h)

### High skirting

Elegant high skirting board with a modern look.  
dimensions: 2200 x 12 x 80 mm (l x w x h)

### Quarter round

For a subtle finish and flowing transition between floor and wall.  
dimensions: 2150 x 16,4 x 19,3 mm (l x w x h)

### White skirting board (paintable)

For a sophisticated final finish you can also opt for a white skirting board. The basecoat on this skirting board means that it is ready for you to paint over it to suit your wall or floor (repainting is possible but not essential)  
dimensions: 2200 x 14 x 60 mm (l x w x h)

### Scotia

Designed to connect an existing skirting board to the new floor. It also seals the expansion gap for the flooring.  
dimensions: 2430 x 16 x 16 mm (l x w x h)

### Adhesive skirting

This adhesive skirting board with strong adhesive tape on the rear, conceals the expansion gaps in the blink of an eye. The real wood core makes it more resistant to water than MDF adhesive skirting boards and also easier to cut.  
dimensions: 2400 x 25 x 4 mm (l x w x h)

### Curb skirting board

This hollow skirting board attaches to the wall with a bracket which makes it possible to conceal your wiring, for your television or stereo etc.  
dimensions: 2400 x 4 x 60 mm (l x w x h)

### Clips and drill template from Berry Floor

These special clips help you to fasten the skirting boards to the wall easily and come with a practical drill template.

### White skirting boards

From now on, Berry Floor also has high, white skirting boards which allow you to finish your floor with ease, having a perfect ready made finish. We offer you the choice between three different finishes.

New!

2400 x 14 x 110 mm (l x w x h)

2400 x 14 x 110 mm (l x w x h)

2400 x 14 x 100 mm (l x w x h)

## TRANSITION AND JUNCTION PROFILES

Profiles in melamine MDF make the perfect transition possible between two floors, whether or not of the same type. Ideal for concealing differences in height or for bridging expansion gaps. Important: these profiles are just as hardwearing and durable as our floors (classification AC4). (Remember that accessories that do not have the Berry Floor quality mark, may be of a lower class and may consequently not be as good.)

### Reducer

Height difference between two floors? This profile ensures a seamless connection with a lower floor (tiles, carpet, etc.)

Available in MDF and bronze, silver or champagne aluminium.

dimensions: MDF 1000 x 47,6 x 14,3 mm (l x w x d) ALU 1000/2000 x 46 x 11,7 mm (l x w x d)

### T-profile

You can seamlessly connect two laminate floors of equal height with this T-profile and conceal an expansion gap.

Available in MDF and bronze, silver or champagne aluminium.

dimensions: MDF 1000/2150 x 47,7 x 12,3 mm (l x w x d) ALU 1000/2000 x 46 x 11,7 mm (l x w x d)

### End profile

For a perfect finish of the edge of your floor and the connection to a sliding window, doorsill, etc.

Available in MDF and bronze, silver or champagne aluminium.

dimensions:

MDF 2150 x 35,9 x 14,3 mm (l x w x d)

ALU 2000 x 15/27,5 x 11,3 mm (l x w x d)

*Once upon a time...*

## VERY PRACTICAL ACCESSORIES

### BERRY FLOOR HAS AN UNDERLAY FOR EVERYONE, ANYWHERE

#### The Excellence underlay for noise reduction to rooms below

- complete with integrated adhesive strip
- corrects unevenness in the floor
- 100% protection against damp and vapour formation
- heat and noise insulation (-19 dB)
- available in rolls of 14 m<sup>2</sup> or 20 m<sup>2</sup>

#### Berry Floor Excellence+ underlay, extra thick for extra noise reduction

- corrects unevenness in the floor
- includes adhesive tape
- 100% protection against damp and vapour formation
- super noise reduction (-21 dB), both in the room and the rooms around it
- available in rolls of 10 m<sup>2</sup>

New!

#### Berry Floor Easy Flex underlay, easy to fit and ideal with floor heating

For your ease of use Berry Floor also has a folded underlay available: this underlay lays flat immediately and is consequently even easier to install. In addition it is also highly compatible with floor heating.

- corrects unevenness in the floor
- noise insulating (-19 dB)
- available as a box of 10 m<sup>2</sup>

New!

## BERRY FLOOR STAIR NOSES

Give new life to your stairs

Thanks to the Berry Floor-Stair Profile it is now child's play to renovate your stairs. This extremely solid stair profile is made from aluminium, covered with laminate. You can lock the stair profile to the laminate on your steps with the corresponding Perfect Fit-profile. You get a seamless transition and your stairs will look and feel like new.

### The Perfect Fit-profile

For those who want a perfect transition with the laminate: this profile clicks onto the Berry Loc locking system and ensures a seamless transition.

### The Overlapping profile

This is the basic stair profile that fits everywhere. You can finish your treads perfectly using this profile, but it is also extremely practical if you have to make a transition at the top of the stairs to a different floor covering (carpet, tiles).

New!

## RADIATOR ROSETTES

To finish radiator pipes

One basic rosette in solid wood, adaptable to four different pipe thicknesses (diameter: 22, 18, 15 and 12 mm) and available in three colours: light oak, dark oak and white basecoat.

## HYDROPLUS ACCESSORIES

Four steps to the perfect watertight finish for HydroPlus laminates

### Filler Twine

Foam piping which can be used to fill the expansion gaps, both between the wall and the floor and in doorframes or around cut outs in the floor. Then you will need to use less of the HydroPlus sealant.

### HydroPlus sealant

The blue, elastic sealant which is applied to the expansion gaps between the floor and the wall and anywhere the board has been cut to fit the room, this seals the edges and thereby prevents the edges of your floor coming into contact with moisture.

### HydroPlus skirting strip

You attach the rubber seal to the bottom of your skirting board, this will protect it from moisture, and enables you to combine your Riviera floor with a matching skirting board.

### HydroPlus glue

Ultra strong, water resistant glue that allows you to install your skirting board and any cut boards simply and carefully.
